STRUCTURALLY LOAD BEARING WESTERN RED CEDAR POSTS

engineered for strength and beauty

WOODTONE™
always there, *naturally*

Engineered for Strength and Beauty.

AbsolutePost™ is structurally certified in the US and Canada and has a hollow core, ideal for concealing lighting cords. The kiln-drying process virtually eliminates splitting, warping and twisting. This product is available in solid or fingerjointed Western Red Cedar.

Dimensions:

6x6 (5.5x5.5")

8x8 (7.25x7.25")

Lengths*:

10', 12'

10', 12'

*Ends of SOLID posts trimmed to 1" less than nominal length. Fingerjoint posts are standard length.

Begins with the best substrate.

- Manufactured from Select Tight Knot WRC
- Kiln Dried for added stability
- Naturally resistant to rot and decay

Provides a solution to the problems you face.

- Minimize shrinking, twisting and checking
- Light and easy to work
- Hollow core is perfect for lighting installation
- 15 Year warranty against manufacturer's defect

Allowable Axial Load Table:

Column Length	4x4	6x6	8x8
