The Treated Trim Choice.

IsoTek: An Advanced Treated Sealant Technology.

- Proprietary two-step process engineered in partnership with Sherwin Williams
- Results against ASTM Test Methods show RealTrim™ Treated features industry leading resistance against mold and mildew growth
- Unlike waterbased treatment technologies, IsoTek is designed to protect without infusing the substrate with water

The trim product you know and love.

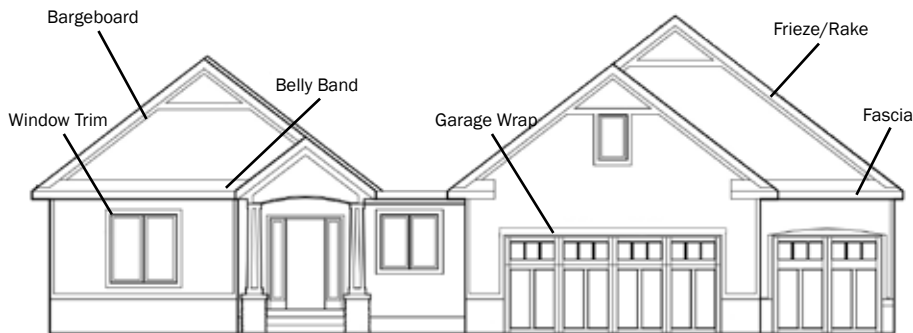

- Woodtone has manufactured trustworthy products for over forty years
- Appearance grade SPF sorted through multiple steps through the mill, ensuring only the best product arrives to you
- Leading edge technology to keep you on top of your game

A Product That Will Endure.

- Tested and approved against ASTM industry approved standards
